PERFORMANCE™  
WATER HEATER SELECTION GUIDE

Rheem's Performance™ Series available exclusively at The Home Depot

**Best Performance, Highest Efficiency, Lowest Maintenance**

Offering the most advanced water heating performance and efficiency available in stores, *Performance Platinum™* models provide up to 10% more hot water than standard *Performance®* models—while maintaining industry-leading energy savings and unprecedented convenience and control.

- All models meet the latest U.S. Department of Energy standards for compliant energy savings, including many ENERGY STAR® qualified models
- Provides up to 10% more hot water than *Performance®* models\* to tackle high-demand times with ease
- 12-year limited warranty for tank and parts, plus a 3-year, in-home labor warranty
- ENERGY STAR® models offer intuitive, electronic self-diagnostic valve with 16 troubleshooting codes
- Self-cleaning devices, durable brass drain valves, added premium components and more, provide longer, smarter, more dependable performance
- Conveniently control your water heater, receive diagnostic and leak-detection alerts and save energy from anywhere with WiFi connectivity on select models (Requires EcoNet Wifi kit, sold separately)
- Leak-detection alarm senses when water is present outside the unit, alerting the homeowner on select models (Requires EcoNet Wifi kit, sold separately)

EcoNet Enabled, allowing monitoring and control of Rheem systems—all from a single access point.

\*Compared to a 50-gallon standard gas water heater with a .60 EF.

**Added Performance, Enhanced Efficiency, Stress-Free Maintenance**

*Performance Plus™* models deliver above and beyond the essentials, with more premium features than the *Performance®* series models.

- All models meet the latest U.S. Department of Energy Efficiency Standards for compliant energy savings
- Faster recovery times and first-hour ratings than *Performance®* models means more hot water delivered when you need it
- 9-year limited warranty for tank and parts, plus a 2-year, in-home labor warranty
- All models have a self-powered diagnostic control system with 7 troubleshooting codes
- Self-cleaning devices offer enhanced durability and dependability

- All models meet the latest U.S. Department of Energy Efficiency Standards for compliant energy savings
- Dependable performance delivers enough hot water for your daily needs
- 6-year limited warranty for tank and parts, plus 1-year in-home labor warranty

**XR90™ Gas Water Heater**  
**Smaller Size, Higher Performance**

2 3/4" space-saving design

Rheem's *Performance™ Platinum XR90* Gas Water Heater delivers more hot water faster, has a lower operating cost, and takes up less space than the average 50-gallon gas water heater.

- 29-gal. narrow tank outperforms standard 50-gal. units\*
- .70 EF and 90-gallon first hour delivery
- ENERGY STAR® qualified
- Built-in diagnostics saves money on services
- Standard 110-Volt electrical outlet required for installation (8' electrical cord included)
- Uses standard 3" metal B vent, making it easy to replace your current water heater

17% More efficient than standard gas models  
Outperforms most 50 Gallon Models
